### Our commitment to you

We will work with you to find the solutions best suited to your individual circumstances, both for your immediate concerns, and for the longer term. You can expect sensitive and considered advice from our expert and reliable team.

You will find that we clearly outline our costs at the outset and keep you informed of progress at every stage. Our staff work closely together which means that there will always be a member of the team available to respond when you need us.

### Our integrated approach

Established for over 20 years, SWLaw offers you access to a range of legal and financial services delivered by two separate practices sharing a common client-focused approach. We can help you find not just quick solutions, but a more complete strategy to meet your legal and financial needs in the longer term.

Our holistic service supports you and your family at every key stage in life. We are also here to support your business from start up to exit strategy.

We are always very happy to work with your other professional advisers - such as your accountant or your land agent - to bring you advice drawing on more than one discipline.

### You & your family

SWLaw's experienced advisers are here to help you whether you are:

- buying your first home
- preparing for marriage
- providing for your family
- protecting your wealth and assets
- resolving a dispute
- changing jobs
- planning for retirement or
- passing assets to family

We can help you to meet your personal needs and objectives, minimise your tax burden, protect your assets and pass them on to your family. These are all long term situations and as such, require long term solutions.

SWLaw offers you access to a team of professionals who can guide you through these personal and life changes, ensuring that you get the best advice for yourself and your family for the long term.

### Your business

At SWLaw, we take a long term view, helping you through all the stages of business life. We offer the advice you need from starting up, through the management and growth of your business, to your exit or succession strategy. SWLaw can help you gain the maximum benefit from your business whilst also helping you to manage the risks.

Our advice will help you to manage the key relationships - with your co-owners, your employees, your customers, and your suppliers. We will also help you to protect your assets including your valuable intellectual property rights; and to reduce your tax burden.

### Your farm

Farming shares many of the same challenges as other businesses but it also has some of its own!

At SWLaw we undertake a broad range of work for our farming clients dealing with land transactions, advising on business structures, resolving disputes and helping to formulate the exit strategy.

Succession through the family - and keeping the farm in the family - is a key objective for many of our farming clients. We offer advice to help minimise the threats to this succession plan. Those may include: disagreement between partners, disputes over property rights, marriage breakdown, and inheritance tax.

### Your property

Our professional property team provide a high quality service for personal, business and investment clients. We can offer help in deciding how to fund and structure a property purchase. We will consider what other legal or financial advice you may need and help you to formulate a strategy to serve you not just for now, but in the years to come.

### Settling a dispute

Whether a personal or a business issue, we can advise you on how best to tackle a dispute. We have a wide range of legal experience including: property, debt, employment, and professional negligence. In addition to work in the local Courts and Tribunals, we are also involved in claims in the Higher and Appeals Courts.
